Stay at BASE days during the summer!*

Week 1

Uncover the Past

On Monday, we'll kick off an exciting project by brainstorming ideas for our very own museums! We'll explore the many different types of museums that exist around the world and start researching topics that spark our curiosity. Using our creativity and imagination, each group will design and build their own unique museum exhibit. By Friday, our classroom will transform into a museum showcase as we present our original museums to the rest of BASE, guiding each group through our exhibits just like real museum curators. Get ready to explore, create, and bring your ideas to life! 🏛️ ✨

Week 2

Wilderness Wonders

On Monday, we'll dive into the wild world of animal habitats and biomes! From lush rainforests to icy tundras and vast deserts, we'll explore the incredible environments animals call home and learn what makes each one unique. Then, using our creativity, we'll transform our rooms into living habitats inspired by the animals and ecosystems we've discovered. By Friday, our space will become an interactive biome experience as we invite the rest of BASE to explore our habitats and see the animal worlds we've created come to life! 🌍 🦁 🌵 ❄️

Week 3

Taste of the Town

On Monday, we'll kick off an exciting challenge: creating our very own restaurants! From dreaming up delicious menu items to designing the décor and bringing each dish to life, we'll become chefs, designers, and restaurant owners all in one. On Wednesday, we'll keep refining every detail—perfecting our menus, decorations, and presentations—so everything is ready for the big day. Then on Friday, it's opening day! Our restaurants will officially open for business as we welcome guests and show off the amazing dining experiences we've created. 🍴🌟

Week 4

Film Festival

Lights! Camera! Action! 🎬 On Monday, we'll jump into the world of filmmaking as we start writing scripts and casting for our very own BASE Film Festival. Along the way, we'll explore different styles of film—from live action storytelling to stop motion and animation—and learn how movies come to life behind the scenes. Throughout the week, we'll bring our creative ideas to the screen, working as directors, actors, and filmmakers. Then on Friday, it's showtime! We'll roll out the red carpet and premiere all of our original films in our very own BASE Film Festival. 🎉🌟

Week 5

Stage Bound

Get ready for the spotlight! 🌟 From theatre and dance to singing, music, and everything in between, we're diving into the exciting world of the performing arts. On Monday, campers will begin dreaming up and planning their acts for our big Friday Showcase, where they'll perform live in front of an audience! Throughout Monday and Tuesday, performers will rehearse, collaborate, and bring their ideas to life as they prepare for the stage. But every great show needs more than just performers—campers will also explore the magic behind the scenes, learning about costume design, backstage work, and the technical elements that make a performance truly shine. By Friday, it's showtime! 🎭🌟

Week 6

Clue Crusaders

Get ready for a week full of puzzles, secrets, and mystery! 🕵️♂️🔑 On Monday, we'll kick things off by designing our very own themed Escape Rooms. Campers will brainstorm storylines, create clues, and invent tricky puzzles that will challenge even the best problem-solvers. On Tuesday, we'll keep building and refining our top-secret missions—adding twists, surprises, and hidden clues to make our rooms even more exciting. By Friday, it's time to put everyone to the test as we open our Escape Rooms for the rest of BASE to try to crack the code and complete the challenge! Will they solve the mystery in time? ⌚🧩

Week 7

Medieval Mayhem

Hear ye, hear ye! 🗡️🏰 Our final week of camp will transport us back in time for our very own BASE Renaissance Faire—a lively medieval celebration filled with games, performances, and bustling village vendors selling potions and all the necessities of the realm.

On Monday, we'll begin dreaming up and designing our very own medieval village. Each room will take on a special role in bringing the village to life as campers plan to become knights, jesters, cooks, merchants, magicians, or performers. Each room will create activities, and prepare their stations. From jousting and carnival-style games to cooking, magic, juggling, and more, everyone will help build a vibrant world straight out of the Middle Ages.

All week long we'll prepare for the grand celebration, leading up to an unforgettable End-of-the-Year Renaissance Faire on Thursday! All of BASE will come together to explore the village, play games, watch performances, and celebrate an incredible summer—complete with our classic favorites like the dunk tank, bouncy house, and water slide. It will be a legendary finale you won't want to miss! 🎪✨
